

As one of the few stations on the air that is totally safe for my entire family, I urge you to keep K-LOVE on the air. The station has always been a big part of our home, but since the death of my husband last year, it is my constant companion, filling my empty house with words of encouragement, humor and love, The music is uplifting and meets a deep need in my life. Thank you for continuing this all important broadcast. Respectfully, Roijean Tudor
